Month of January

AGRICULTURAL SUMMARY: Winter condition continue across the State

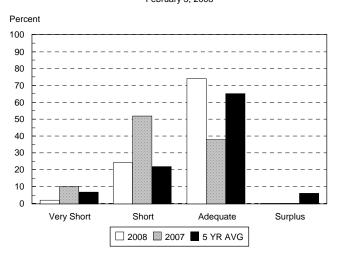

Spring calving underway.

Hay and roughage supplies adequate.

Winter conditions persist across the State. Lincoln and Sweetwater counties reported snow on the ground with up to 6 inches reported in Sweetwater. High winds were still making it difficult for precipitation to accumulate. Temperatures for the month of January averaged from 1.3 to 8.3 degrees below normal. High temperatures were mostly in the 40's and 50's. Low temperatures were reported below zero. Average depth of snow cover is 4.3 inches. Moisture levels are reported above average for this time of year. Topsoil moisture levels were rated 51 percent adequate or better, 15 points above the 5 year average. Subsoil moisture levels were reported as 27 percent adequate or better, 2 points below the 5 year average. Stock water supplies were rated as 69 percent adequate or better.

	Week	Year	Avg
Spring Calves Born	5	5	5
Farm Flock Ewes Lambed	11	20	9
Farm Flock Sheep Shorn	14	26	13

LIVESTOCK, PASTURE, AND RANGE REPORT: Cattle and sheep were still reported in good condition. Cattle were 64 percent good or better. Spring calving was right on target with the 5 year average at 5 percent on the ground. Calf losses were 30 percent light and 70 percent normal. Seventy percent of sheep were in good or better condition. Eleven percent of the farm flock had lambed, 9 points behind last year and 2 points above normal. Farm flock sheep shorn was right on target at 14 percent, only 1 point above the average. Lamb losses were mostly normal with 13 percent light and 87 percent normal. Hay and roughage supplies were reported as 74 percent adequate.
